FILE US TAXES · EMPLOYER BENEFIT PROGRAM · 2027 SEASON

A tax-filing benefit your team will use in 2027

File US Taxes is a remote federal tax-preparation firm with Spanish-language support and an optional video meeting. Your employees file at our early-season price (published December 1). You choose how involved to be. For employers with 5 or more employees.

Three ways to offer it

1. Share a link

No cost to you. Share a company link and code. Employees get our early-season price. Your company earns a $20 referral reward per employee who files.

2. Cover part or all

Volume discount. Prepay for your employee list and pick the amount. 5-24 employees 10%, 25-74 15%, 75-124 20%, 125+ 25%.

3. Pay only for use

No upfront spend. Authorize billing once. You are billed only when a consenting employee's return is filed, at a 5-12.5% discount.

You only see totals

You see how many were invited, signed up and filed (counts under 10 show as "fewer than 10"). You never see who filed or anything about a return. Each employee consents in writing before we tell you they filed, under all three options. Federal law (IRC §7216) protects their tax return information.

Good to know
